ir,

In submitting herewith the letter R.C.No. 115 pr/K.T.B./27 dated 3-7-30 from the President, Taluk Board, ollegal, I have the honour to state as follows:-

2. Reference is solicited to my letter R.C.No. 397 B, dated 2-9-27 disposed of in G.O.No. 1954 L.E., dated 2-10-28 Since the issue of the G.O. the President has revised the plans and estimates of the building proposed to be construct for the Town Elementary School, Kollegal on the suggestions made by the Deputy Consulting Architect - vide in this connection Government Memo No.513 A-1 dated 3-2-30. Accordi

to the revised estimate the cost of construction has risen from Rs.15000 to 22200 and the latter amount on further reference from this office has been reduced to Rs.20200. The revised plans and estimates were again referred to the Consulting Architect and his suggestions are being communicated to the President for adoption. The estimates will need further revision. It will not therefore be possible to include this in Part II schemes for 1931-32.

3. The President also requests the payment of grant for the construction of a building for the Elementary school at Suleripalayam. This school is now held in a rented building, the accommodation of which is said to be sufficient for the present strength. In June 1930 the strength and attendance of the school were 26 and 21 respectively in standards 1 to 5, but there were no pupils in standard 3. No grant is required for the site, and it is accessible to all classes.

The estimated cost of the proposed building is Rs.2400 and it can accommodate about 46 pupils at 9½ sq.ft. per pupil. There is a small store-room and verandah on either side - the latter can be omitted. The cost per sq.ft. of plinth area is about Rs.2-1-0. There is no urgent necessity for a permanent building for this school at present as the strength is very low. The President's request for the sanction of grant towards the construction of a building for this school is not supported.

I have the honour to be,

Sir,

Your most obedient servant,
